

## PRESIDENT'S MESSAGE

Our April 3rd meeting was a success, not only in numbers attending, but in the interest shown by our members and the pleasant surprise shown by our two eastern visitors. It seems the Calgary club displayed a fair measure of expertise when judging the pages shown on the slides, much more than other clubs visited by Fred Stulberg and Michael Millar on their tour of western clubs. We hope that this will encourage more members to put this knowledge to work and submit exhibits for our yearly shows and for their own pleasure. One thing shown by the recent meeting: if we provide good programs and advertise them properly, we will get the members and the club will prosper.

On May 1st, the meeting will feature Phil Wolf's talk postponed from earlier in the year. Phil will speak on Canadian Military Postal History and display pages from his collection showing mail to & from personnel from the middle 1800's through the Boer War, WW I, Siberia, WW II and Korea. Although Phil is one of our youngest members, his philatelic knowledge and his collection are of an enviable high calibre.

Our seminar will be handled by Tom Moore and he has agreed to lead us through a discussion of "Quality, Condition and Relative Value". Everyone wants to get good value for their philatelic dollar and Tom may just have the answer.

The annual election of officers will be a major item of business during our June 5th meeting. Past President Phil Wolf is the nomination chairman and will put forth a slate of candidates. Further nominations will be accepted from the floor.

See you at CALTAPEX '79. Bring a friend.

Ed Harris
