CALGARY PHILATELIC SOCIETY — ESTABLISHED 1922

Dear fellow collectors,

September is quickly approaching and it will soon be time to think about the miniature works of art which we enjoy so much.

The Calgary Philatelic Society exists to assist you in your collecting. In the past this assistance has been seen in many different avenues: meeting other collectors and informative guest speakers at the regular meetings; two auctions per month; access to new material via the wall auction, private treaty and circuit books in addition to the annual show which brings many out-of-town dealers into Calgary. If you have any further suggestions as to how the Society can be of further assistance to you or the other members please put your suggestions to any member of the Executive or myself (I can be reached at 233-8921).

A frequent comment about societies is that an individual can learn more from actively participating than simply showing up occasionally. From experience in Calgary and elsewhere, I for one can say that this is true. As the society has competent Chairmen and Co-ordinators most participation consists of simply assisting the Chairmen as they require the assistance. I am not trying to recruit all of you but simply suggesting how many of you can learn more about your collecting and probably meet more collectors with similar interests. The choice is yours.

With the 1981-82 year upon us, I am looking forward to it with great eagerness and I hope you are too.

Sincerely,

President.
