

FOREIGN MAIL WITH ADDED CANADIAN FORMS OR LABELS

This exhibit shows **FOREIGN MAIL WITH ADDED CANADIAN FORMS OR LABELS** to either indicate how much duties and PST/GST to collect or aid in timely delivery of letters or parcels often with tracking within Canada.

We show in the following order: -

EMS
Priority (Courier)
Registered
Xpresspost
Regular Parcel
Customs

Redirected
Sorting
Routing
Pick up at counter
Pick up at Postal Outlet
No Delivery Scan
Hold Mail
Found damaged

Where a second or third form or label is on the item, we also mention it. In many cases these labels are used in the sorting, routing or pick up of the item.

Initially, many of the labels were printed in red, black and white but these were soon replaced, when reprinted, by black and white labels in an apparent effort to cut printing costs.

For a number of years, all the mail entering and leaving Canada is funneled through 3 centres Montreal (M), Toronto (T) and Vancouver (V). The letters M, T and V were placed on the EMS, Priority, Registered, Xpresspost, Expedited, Customs and Regular Parcel labels to aid in the return, if required of foreign letters and parcels to the country of origin. The clerks told me that they were required to indicate where the parcel arrived through M, T or V so it could be returned the same way. Now they tell me that that is included in the barcoding and the very latest labels do not have M, T or V on them. The clerk indicates the item is returning and the barcoding routes it through the correct port of exit.

Many more different labels will be found, especially in the sorting, routing and pick up at the Counter and Postal Outlet categories as every address in Canada has the potential to have at least one different label. We attempt to show the different formats not all the labels.
